Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The examiner has found claims 6-11 to be unobvious over the prior art of record and therefore to be allowable over the prior art of record. The present invention relates to a method of producing valienamine, comprising the steps of: providing at least one compound selected from the group consisting of acarbose, acarbose derivatives and combination thereof; introducing said compound into a solution of trifluoroacetic acid; reacting said compound and said trifluoroacetic acid to produce valienamine and byproducts. The prior art does not teach or suggest, nor is it obvious to the reacting acarbose or said derivative with the trifluoroacetic acid to produce valienamine as claimed or set forth in the present method.

Conclusion
